

Shrewsbury u3a Computer Club

Date of Meeting: 18 July 2023

Topic: Cyber Crime

Presented by the Cyber Crime team from West Mercia Police

Had a very interesting session delivered by the West Mercia Police Cyber Crime Team.

They spoke from the front of the room and didn't use a powerpoint slideshow or anything like that.

They did however provide me with a link to part of their Website which includes a whole host of useful topics.
